SYNOPTIC ASSESSMENT

AAT AQ16 introduces a Synoptic Assessment, which students must complete if they are to achieve the appropriate qualification upon completion of a qualification. In the case of the Advanced Diploma in Accounting, students must pass all of the mandatory assessments and the Synoptic Assessment to achieve the qualification.

As a Synoptic Assessment is attempted following completion of individual units, it draws upon knowledge and understanding from those units. It may be appropriate for students to retain their study materials for individual units until they have successfully completed the Synoptic Assessment for that qualification.

All units within the Advanced Diploma in Accounting are mandatory. Four units are assessed individually in end of unit assessments, but this qualification also includes a synoptic assessment, sat towards the end of the qualification, which draws on and assesses knowledge and understanding from across the qualification:

- Advanced Bookkeeping – end of unit assessment
- Final Accounts Preparation – end of unit assessment
- Management Accounting: Costing – end of unit assessment
- Ethics for accountants – assessed within the synoptic assessment only

Summary of learning outcomes from underlying units which are assessed in the synoptic assessment

Underlying unit	Learning outcomes required
Advanced Bookkeeping	LO1, LO2, LO3, LO4, LO5
Final Accounts Preparation	LO1, LO2, LO3, LO4, LO5, LO6
Management Accounting: Costing	LO1, LO2, LO3, LO4, LO5
Ethics for Accountants	LO1, LO2, LO3, LO4, LO5

FORMAT OF THE ASSESSMENT

The sample synoptic assessment comprises seven tasks and covers all six assessment objectives. Students will be assessed by computer-based assessment. Marking of the assessment is partially by computer and partially human marked.

In any one assessment, students may not be assessed on all content, or on the full depth or breadth of a piece of content. The content assessed may change over time to ensure validity of assessment, but all assessment criteria will be tested over time.

The following weighting is based upon the AAT Qualification Specification documentation which may be subject to variation.

	Assessment objective	Weighting
AO1	Demonstrate an understanding of the relevance of the ethical code for accountants, the need to act ethically in a given situation, and the appropriate action to take in reporting questionable behaviour	19%
